## PROFILE

Detail-oriented Front-End Developer with experience in building responsive, user-focused web applications using React, TypeScript, JavaScript, and HTML/CSS. Passionate about clean, maintainable code and intuitive UI/UX design. Currently expanding skills in AI and Machine Learning with Python, TensorFlow, and scikit-learn to integrate intelligent features into modern web experiences. Eager to grow in collaborative, forward-thinking teams.

## WORK EXPERIENCE

### Starsky Solution — Remote

Frontend Developer (Intern)

Feb 2025 – May 2025

- Collaborated on building responsive web pages using HTML, CSS, and JavaScript
- Assisted in developing and maintaining features using React
- Participated in daily stand-ups and remote team collaboration
- Gained hands-on experience with version control (Git) and modern UI practices

## PROJECTS

### 1. To-Do List App
